

THE KINDERGARTEN - Education Through Imagination

January 2018

Welcome back to Mozarts for 2018! We are looking forward to yet another year full of magical learning and precious memories.

We hope you had a wonderful summer holiday and we can't wait to hear all about all the adventures that you went on. Bring in photos of your holidays in the sunshine or rain with your families, whether it be boating, picnics in the park, camping or climbing small mountains. The children can share these photos for news, introducing their families and holidays to the other children.

A New Year and A Very Special Announcement

We just can't think of a happier and better way to thank our fantastic families that have said to us they would love to send their children to Mozarts for more days every week but can't, so we have listened, and we are now able to offer this fantastic opportunity to everyone that wants to take it up.

Wow, take advantage of this wonderful opportunity

Four full day sessions for \$60, 8:30am-4pm or 9:00am-4:30pm for 3-5 year olds*

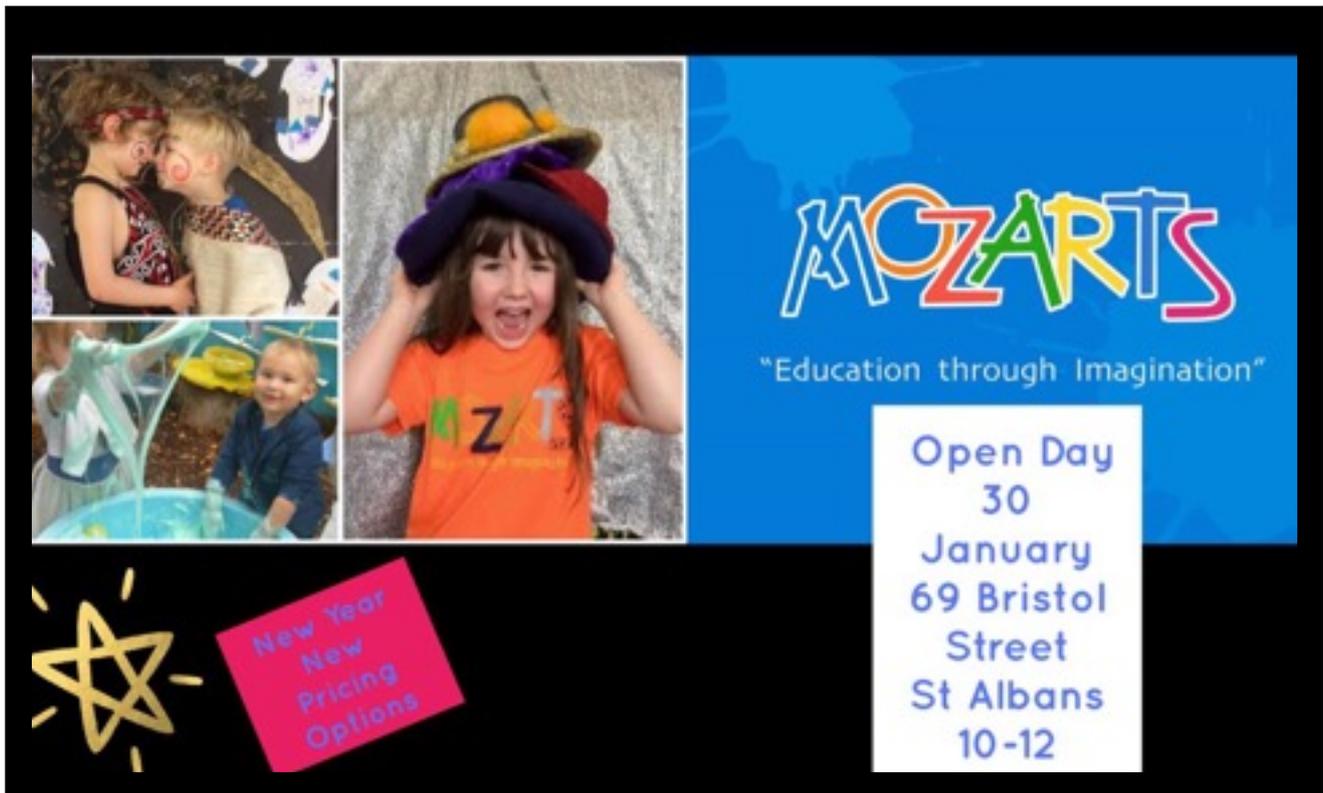

Relax and rest assured that your children are not only having fun but enjoying a unique learning experience.

ERO Review

As you are most likely aware, we had the Education Review Office visit us in November, and we are very proud of our results.

Mozarts Teachers are skilled story tellers and facilitators of learning. They inspire children's imagination and encourage active involvement in a range of rich oral language, literacy, social and creative learning experiences. These experiences help children to develop confidence in themselves and to become capable learners and communicators.....
